

I'm delighted to report to you that we are 90% of the way to qualifying the Water and Land Conservation Amendment for the November 2014 ballot!

This is a huge achievement, and it is all because of the tireless commitment of volunteers and supporters like you. Together, we're creating the largest dedicated funding source for water and land conservation and restoration in the country.

With only **10 days** remaining to gather signatures, we can't afford to slow down now! We are counting on everyone who has already invested time and energy in this campaign to dig a little deeper for just a little while longer. We must be bold. We must be brave. And we must be quick.

Here's how you can help:

Be brave, and ask everyone you know to sign a petition. [Be bold, and email the petition to every Floridian in your address book.](#)

[Make a contribution to the campaign today.](#) To meet our basic operating expenses for the next two weeks, we need to raise \$55,000. A contribution of \$10 covers validation of 100 petitions by local Supervisors of Elections; \$50 allows us to table at an upcoming event; \$100 covers printing of 5,000 more petitions. Every dollar you contribute goes directly to qualifying the amendment for the 2014 ballot!

Together, we will ensure that every generation of Floridians has the opportunity to enjoy our amazing rivers, springs, beaches, conservation lands and wildlife!

For Florida,

Aliki Moncrief, Field Director

P.S. [We received some great coverage in The South Florida Sun Sentinel on Sunday, featuring our very own superstar volunteer, Darryl Rutz! It's a must-read article!](#)

Please forward [this copy of the petition](#) to your friends, family and neighbors!

Founder and Chairman, Bob Graham; Vice-Chairmen, Nathaniel Pryor Reed & Lee Constantine
