

FLORIDA SHERIFFS ASSOCIATION

STATEMENT FROM FSA PRESIDENT

"Removing illegal immigrants who commit crimes in our Florida communities is an issue that affects all of us, and we are grateful that the Governor and the Legislature were willing to address it immediately. The Sheriffs of Florida strongly agree on the importance of assisting President Trump and ICE in accomplishing this vision quickly. For decades, we have remained vigilant in protecting our communities and enforcing the rule of law. The Florida Legislature has worked closely with us to ensure our concerns are heard so we have the tools we need to effectively and efficiently remove criminal aliens from our communities across the State of Florida, thus protecting Floridians and visitors of our great State. We are thankful for their support."

- Sheriff Bill Prummell, FSA President and Charlotte County Sheriff
