Florida Gas Prices Declined 11 Cents Last Week

[Florida gas prices](#) declined 11 cents last week. The state average was \$3.00 per gallon on Sunday. That's the lowest daily average price since March 24.

Sunday's state average is two cents less than a month ago, and 59 cents less than this time last year.

"An 11-cent drop may not turn heads, but every little bit adds up for drivers navigating the road and their budgets," said Mark Jenkins, spokesman, AAA - The Auto Club Group.

"Unfortunately, the downward trend may not continue much longer. Oil prices moved higher last week after the U.S. imposed sanctions on Iranian oil."

The U.S. price of crude rose by a little more than \$3 per gallon (5%) last week. Gasoline futures increased 10 cents.
