**Re:** Extended Session Update

---

We continue working closely with the Senate toward a final budget agreement. At this time, you should not expect to be in Tallahassee next week. Additional updates will be shared as progress continues and the timeline becomes clearer. We will ensure you have the necessary notice to make travel and scheduling arrangements when the time comes.

Thank you for your continued focus, patience and flexibility as this process moves forward. We hope you and your families have a happy Memorial Day.
